THE RANGE AT A GLANCE

Seven Styles, One Platform

Every SX Exhaust Tips kit is engineered for the Land Rover Defender L663 (2020–today) — 90, 110 and 130, petrol and diesel, left-hand and right-hand drive. All tips are clamp-on / bolt-on with hand tools: no welding, no cutting, fully reversible. Each order is confirmed against your VIN before dispatch.

FITMENT & INSTALLATION

Exhaust Tips & Screen Retrofits, One Platform

Every SX Upgrades product shares the same fitment logic: if your Defender is a New Defender L663 built from 2020 onwards, there is a kit for it — quad exhaust tips for the rear, or the 13.1-inch Pivi Pro screen retrofit for the cabin. Send your VIN before ordering and we confirm engine, body style, drive side and market variant before dispatch.

Item	Coverage
Models	Defender 90 · 110 · 130 (L663, 2020–today)
Engines	Petrol P300 / P400 / P400e · Diesel D200 / D240 / D250 / D300
Drive side	Left-hand drive & right-hand drive — select at order or confirm by VIN
Install	Clamp-on / bolt-on, hand tools, ≈30 min (tips) / ≈60 min (Gen 3 rear kit)
Exhaust note	Unchanged — visual upgrade only, no drone
Reversible	Yes — no welding, no cutting; back to stock in minutes
Warranty	12 months against manufacturing defects

HOW TO ORDER

1 · Message your VIN on WhatsApp (+852 6158 4865) or Telegram (@sxtoolhk).

2 · We confirm the exact kit for your engine, body style and drive side.

3 · Pay by card, bank transfer or Wise — worldwide shipping included.

4 · Fit with the included photo guide; Gen 3 kits take about an hour.
